OUR COMMITMENT TO OUR VALUED PATIENTS

Thank you for trusting your dental care to the practice of Drs. Esposito and Whitmyer. Our commitment is to provide you with the highest quality of dental care in a relaxed and friendly environment.

DENTAL INSURANCE

Our commitment to the highest quality of care includes not allowing dental insurance companies to determine the standard of care for our patients. We will accept your dental insurance as an out of network provider, which means we have not entered into any agreements or contracts with dental insurance companies. We are happy to submit claims to your insurance company for you. *However, please be advised that all estimations after insurance are due at the time of service. Dental treatment may be subject to change based on clinical findings at the time of treatment. Should this occur, your dentist will discuss with you the effect and cost these changes will have on your dental treatment plan.*

Please note: We **do not accept** dental HMO's and pre-set dental fee service plans.
